FILENAME	DESCRIPTION
AMBBird_FOREST-Bird Activity Breeze Morning_B00M_3DS17_2.0.wav	Near a mixed forest with dense bird activity several alarming bird calls are heard. Pecking birds heard at times. Active group of native birds calling from a nearby forest in a light morning breeze. Occasional wing flaps and subtle movement in the canopy.
AMBBird_FOREST-Bird Calls Falling Leaves Breeze_B00M_3DS17_2.0.wav	Bird calls near a forest at dawn. Falling forest debris and rustling trees heard at times. Various birds calling from a forest while dry leaves fall and rustle in a gentle breeze.
AMBBird_FOREST-Birds Great Tit Calm Midday_B00M_3DS17_2.0.wav	Various birds including tits and woodpeckers calling from a forest at noon. Great tits and other small birds calling from a calm forest at midday. Occasional fluttering and short flight movements.
AMBBird_FOREST-Birds Leave Rustle Wind Midday_B00M_3DS17_2.0.wav	Poplar trees rustle while a gentle wind blows at noon. Various bird calls heard throughout. Mixed bird calls in a forest at midday with wind moving through the leaves. Foliage rustling and wing flaps heard at times.
AMBBird_FOREST-Birds Woodpecker Black Grouse Morning_B00M_3DS17_2.0.wav	A woodpecker hammers nearby while various birds call in background. A light breeze is blowing. Black grouse are heard occasionally. Morning forest ambience with distant black grouse calls and a woodpecker drumming intermittently in the background.
AMBBird_FOREST-Close Native Birds Morning_B00M_3DS17_2.0.wav	Several birds such as Finches and Tits call throughout. Flapping wings and humming insects heard at times. Close perspective of native birds calling in a forest during the early morning. Individual chirps and short flight movements clearly audible.
AMBBird_FOREST-Raven Birds Wind Midday_B00M_3DS17_2.0.wav	A wind blows through a pine tree forest. A passing raven and several bird calls heard at times. Raven and other birds calling in a forest at midday under windy conditions. Passing wing beats and moving branches heard occasionally.
AMBBird_GRASSLANDS-Crane Migration Evening Wind V1_B00M_3DS17_2.0.wav	During a storm near rangelands numerous calls of migratory birds heard from above. Grass rustles throughout. Migrating cranes calling while flying over open grasslands in the evening. Wind noise and distant wing movement present.
AMBBird_GRASSLANDS-Crane Migration Evening Wind V2_B00M_3DS17_2.0.wav	During a strong wind near a field multiple calls of migratory birds heard from above. Grass rustles throughout. Evening crane migration over grasslands with repeated calls and steady wind. Flock movement and air turbulence audible at times.
AMBBird_LAKESIDE-Aftermath Raven Call Echoes Evening_B00M_3DS17_2.0.wav	Ravens call near a Lake at Dusk. Aftermath of rain and falling forest debris heard throughout. Solitary raven calling near a lakeside in the evening. Distant echoes and a quiet, open acoustic environment.
AMBBird_LAKESIDE-Birds Flyby Breeze Midday_B00M_3DS17_2.0.wav	Various birds call and fly near a forest lake at noon. Close flapping of a bird heard at times. Various birds flying past a lakeside at midday in a light breeze. Passing wing beats and distant calls.
AMBBird_LAKESIDE-Birds Leave Rustle Breeze Midday_B00M_3DS17_2.0.wav	Various birds call in a forest near a lake at noon. Rustling and falling leaves heard throughout. Bird calls near a lakeside with leaves rustling in a gentle midday breeze. Subtle movement in surrounding vegetation.
AMBBird_LAKESIDE-Birds Pygmy Owl Evening_B00M_3DS17_2.0.wav	During a calm evening several Pygmy-Owls call from different locations. Birds and splashing water heard at times. Pygmy owl calling from trees near a lakeside in the evening. Occasional distant bird responses.
AMBBird_LAKESIDE-Jay Birds Breeze Midday_B00M_3DS17_2.0.wav	Various birds including a Jay call near a boggy lake on a calm midday. Jay and other birds calling from a lakeside forest at midday. Light breeze moving through the canopy.

FILENAME	DESCRIPTION
AMBBird_LAKESIDE-Raven Call Birds Breeze Evening_B00M_3DS17_2.0.wav	Ravens call nearby a lake during dusk. Various birds heard at times. Raven calling near a lakeside in the evening with additional bird activity. Soft wind and distant wing movement present.
AMBBird_LAKESIDE-Waterfowl Flyby Insects Evening_B00M_3DS17_2.0.wav	Red-Throated Diver flies by near a lake at dawn. Insects flying heard at times. Waterfowl flying over a lakeside in the evening. Insects buzzing in the foreground with occasional wing passes.
AMBBird_LAKESIDE-Woodpecker Birds Morning_B00M_3DS17_2.0.wav	A woodpecker knocks on a nearby tree at dawn. Various birds and insects heard throughout. Morning lakeside ambience with woodpecker drumming and surrounding bird calls in the background.
AMBBird_TUNDRA-Goldcrest Calm Midday_B00M_3DS17_2.0.wav	Several Goldcrests call from a treeless landscape at noon. Goldcrest calling in a calm tundra environment at midday. Sparse bird activity and open air presence.
AMBBird_WETLANDS-Crane Call Calm Morning_B00M_3DS17_2.0.wav	Cranes calls at dawn near boglands. Various birds heard at times in background. Crane calling in calm wetlands during the morning. Distant ambience and soft environmental movement.
AMBBird_WETLANDS-Crane Call Insects Evening_B00M_3DS17_2.0.wav	Cranes calls at dusk near boglands. Soft humming insects heard throughout. Crane calling over wetlands in the evening. Insect activity audible in the foreground.
AMBBird_WETLANDS-Finch Insects Calm Evening_B00M_3DS17_2.0.wav	Finch calls near a lake during dusk. Soft humming insects heard throughout. Finch calling in calm wetland surroundings during the evening. Light insect ambience and subtle environmental detail.
AMBForst_FOREST-Birds Woodpecker Calm Midday_B00M_3DS17_2.0.wav	Woodpecker calls und drum near a forest at noon. Calm midday forest ambience with various birds calling and a woodpecker drumming intermittently.
AMBForst_FOREST-Sika Deer Call Birds Midday_B00M_3DS17_2.0.wav	Sika deer bugling in a forest at noon. Swallows and Blackbirds heard at times. Sika deer calling in a forest at midday with surrounding bird activity in the background.
AMBForst_FOREST-Various Birds Distant Trickle Midday_B00M_3DS17_2.0.wav	A variety of birds call in a forest at noon while a trickle flows in background. Various birds calling in a forest at midday. A distant water trickle is audible in the background.
AMBForst_FOREST-Various Birds Leaves Fall Midday_B00M_3DS17_2.0.wav	Birds call and leaves fall during a light breeze at noon. Black Grouse and various other birds heard throughout. Mixed bird calls in a forest at midday with falling leaves and subtle ground movement.
AMBForst_LAKESIDE-Birds Insects Calm Morning_B00M_3DS17_2.0.wav	Birds and Insects heard near a lake in mixed forest at dawn. Bird calls near a lakeside during a calm morning with light insect activity in the foreground.
AMBForst_LAKESIDE-Birds Jays Buzzard Morning_B00M_3DS17_2.0.wav	Various birds including Jays and Buzzards calling from a forest near a lake at dawn. Morning lakeside ambience with jay calls and a distant buzzard, accompanied by other birds.
AMBForst_LAKESIDE-Crows Birds Breeze _B00M_3DS17_2.0.wav	A breeze passes a forest near a lake at noon. A Crow calling and rippling water occasionally. Crows and other birds calling near a lakeside with a light breeze moving through the area.
AMBForst_LAKESIDE-Owl Call Breeze Night_B00M_3DS17_2.0.wav	A soft wind blows through trees near a lake at night. An owls call is heard at times. Owl calling near a lakeside at night with soft wind and distant environmental movement.
AMBForst_WIND-Creaking Trees Birds Midday_B00M_3DS17_2.0.wav	A wind blows in a mixed forest at noon. Birds and creaking trees heard at times. Wind moving through a forest at midday, causing trees to creak. Distant bird calls present.

SEASONS OF EARTH
EUROPEAN AUTUMN

FILENAME	DESCRIPTION
AMBForst_WIND-Creaking Trees Midday_B00M_3DS17_2.0.wav	A wind blows in a mixed forest. Tree creaks heard throughout. Midday forest in strong wind with creaking trees and continuous canopy movement.
AMBForst_WIND-Owl Loon Duck Breeze Night_B00M_3DS17_2.0.wav	A soft wind blows near a coniferous forest at night. An owl, loon and duck heard at times. Night ambience with owl calls, distant loon and duck sounds, and a light breeze through the forest.
AMBForst_WIND-Owl Pines Breeze Night_B00M_3DS17_2.0.wav	A soft wind blows near a coniferous forest at night. A screeching Owl heard at times. Owl calling among pine trees at night with wind moving through the branches.
AMBForst_WIND-Rustling Leaves Breeze Midday_B00M_3DS17_2.0.wav	A soft wind blows near a deciduous forest at noon. Rustling leaves and a calling crow heard at times. Leaves rustling in a forest at midday under a gentle breeze with faint bird activity.
AMBGras_FOREST-Owl Call Calm Night_B00M_3DS17_2.0.wav	A owl calls out of a distant forest near a field during a calm night. Calm nighttime forest with a distant owl calling and minimal background movement.
AMBGras_GRASSLANDS-Birds Crickets Insects Midday_B00M_3DS17_2.0.wav	Various birds and crickets call from a big field while a soft breeze blows. Insects flying by heard at times. Grasslands ambience at midday with bird calls and continuous cricket and insect activity.
AMBGras_GRASSLANDS-Various Birds Calm Morning_B00M_3DS17_2.0.wav	Various birds call near rangelands during morning. A black grouse flying heard at times. Various birds calling across open grasslands during a calm morning.
AMBGras_GRASSLANDS-Various Birds Insects Morning_B00M_3DS17_2.0.wav	Various birds call near rangelands at dawn. Crickets and other insects heard at times. Morning grasslands with mixed bird calls and active insects in the foreground.
AMBGras_WIND-Migratory Birds Deers Evening V1_B00M_3DS17_2.0.wav	A strong wind blows near rangelands during evening. Cranes and rustling grass heard throughout. Deers calls heard at times. Migratory birds passing over windy grasslands in the evening with distant deer calls.
AMBGras_WIND-Migratory Birds Deers Evening V2_B00M_3DS17_2.0.wav	A strong breeze blows near rangelands during evening. Cranes and rustling grass heard throughout. Deers call from distance at times. Evening grasslands in wind with migrating birds overhead and intermittent deer calls.
AMBGras_WIND-Migratory Birds Deers Morning_B00M_3DS17_2.0.wav	A strong wind howls near a field during dawn. Cranes and rustling grass heard throughout. Deers call from distance at times. Morning wind across grasslands with migrating birds and distant deer vocalisations.
AMBLake_FOREST-Raven Crow Breeze Midday_B00M_3DS17_2.0.wav	Various birds call nearby a forest lake during a breeze at noon. A passing raven and rustling leaves are heard occasionally. Raven and crow calling from a forest near a lake at midday with a light breeze.
AMBLake_LAKESIDE-Birds Loon Ripple Morning_B00M_3DS17_2.0.wav	Various birds call near a lake at dawn. A Loon and a Black Grouse heard at times while water laps in background. Morning lakeside with bird calls, distant loon, and gentle water ripples.
AMBLake_LAKESIDE-Bog Ducks Wind Evening_B00M_3DS17_2.0.wav	Several ducks land in a nearby bog complex during a windy evening. Duck calls and bats are heard occasionally. Evening bog and lakeside ambience with ducks calling and wind moving across the water.
AMBLake_LAKESIDE-Raven Insects Ripple Evening_B00M_3DS17_2.0.wav	A raven calls nearby a lake during evening hours. Distant water lapping heard throughout. Raven calling near a lakeside in the evening with insect activity and subtle water movement.
AMBLake_LAKESIDE-Swan Breeze Night_B00M_3DS17_2.0.wav	A honking swan flies past a distant lake at night. A gentle breeze and distant flowing water heard throughout. Swan calls near a lakeside at night with a soft breeze and open water ambience.

FILENAME	DESCRIPTION
AMBLake_LAKESIDE-Various Birds Insects Midday_B00M_3DS17_2.0.wav	Birds call near a distant lake at noon. Birds passing and insects flying heard occasionally. Various birds calling near a lakeside at midday with active insects in the foreground.
AMBLake_LAKESIDE-Various Birds Insects Morning_B00M_3DS17_2.0.wav	Several birds call near a distant lake on a field on a morning. Birds passing and water splashing heard occasionally. Morning lakeside ambience with mixed bird calls and continuous insect activity.
AMBRurI_TUNDRA-Calm Breeze Night_B00M_3DS17_2.0.wav	A gentle breeze blows through a treeless landscape at night. Almost natural silence present. Calm tundra environment at night with a light breeze and sparse distant wildlife.
AMBRurI_TUNDRA-Creature Calm Night_B00M_3DS17_2.0.wav	A gentle breeze blows through a treeless landscape at night. A moaning creature is heard at times. Calm nocturnal tundra ambience with a distant creature presence and low environmental movement.
AMBRurI_TUNDRA-Gentle Wind Gusts Night_B00M_3DS17_2.0.wav	A gentle wind passes a treeless landscape at night. Soft gusts of wind heard occasionally. Nighttime tundra atmosphere with gentle wind gusts moving across open terrain.
ANMLDog_FOREST-Wolves Howl Insects Night_B00M_3DS17_2.0.wav	A pack of wolves including their cubs howl near a forest at night. Flapping wings heard at times. Forest night ambience with distant wolf howls and continuous insect activity.
ANMLInsc_GRASSLANDS-Crickets Insects Midday V1_B00M_3DS17_2.0.wav	Multiple crickets chirping near by a field at noon. Flying insects passing heard occasionally. Midday grasslands ambience dominated by active crickets and dense insect layers.
ANMLInsc_GRASSLANDS-Crickets Insects Midday V2_B00M_3DS17_2.0.wav	Multiple crickets chirping throughout nearby a field at noon. Flying insects flying by heard at times. Midday grasslands ambience with prominent cricket calls and sustained insect textures.
ANMLInsc_RIVER-Crickets Birds Distant Creak Midday_B00M_3DS17_2.0.wav	Chirping cricket and a distant stream heard throughout in a valley at noon. Birds calling heard at times. Riverside midday ambience with crickets, distant bird calls, and subtle creaking in the background.
ANMLRdnt_FOREST-Mouse Movement Night_B00M_3DS17_2.0.wav	A mouse squeaks and digs through a ground of leaves at night. Forest night ambience with subtle mouse movement and close range ground activity.
ANMLWild_FOREST-Deer Stag Rut Crickets Evening_B00M_3DS17_2.0.wav	A few deer calling near a forest during rut at dusk. A distant river flowing and crickets heard throughout. Evening forest ambience with a rutting stag in the distance and surrounding cricket activity.
ANMLWild_FOREST-Deer Stag Rut Evening_B00M_3DS17_2.0.wav	A few deer calling near a forest during rut at dusk. A distant river flowing heard throughout. Evening forest ambience featuring distant stag rut calls within a quiet woodland bed.
ANMLWild_FOREST-Isolated Stag Rut Call Night_B00M_3DS17_2.0.wav	Two capital deers call during rut at night. A distant riverflow is heard throughout. Isolated stag rut call echoing through a forest environment at night.
ANMLWild_FOREST-Moose Movement Night V1_B00M_3DS17_2.0.wav	A curious moose wanders a northern forest at night. Cracking branches, eating and other movements heard throughout. Forest night ambience with close moose movement and subtle environmental detail.
ANMLWild_FOREST-Moose Movement Night V2_B00M_3DS17_2.0.wav	Two curious moose wander through a forest at night. Cracking branches, eating and other movements heard throughout. Nocturnal forest recording with slow moose movement and surrounding natural textures.
RAINVege_FOREST-Deciduous Trees Birds Midday_B00M_3DS17_2.0.wav	A heavy rain falls down a nearby deciduous forest during noon. Various birds are calling occasionally. Midday forest rainfall on deciduous trees with light bird activity in the background.

SEASONS OF EARTH
EUROPEAN AUTUMN

FILENAME	DESCRIPTION
RAINVege_FOREST-Deciduous Trees Downpour Midday_B00M_3DS17_2.0.wav	A heavy rain shower pours down a deciduous forest at noon. Birds heard at times. Heavy midday downpour striking deciduous forest canopy with dense rain texture.
RAINVege_FOREST-Deciduous Trees Dusk_B00M_3DS17_2.0.wav	A moderate rain pours down a deciduous forest during twilight. Dusk forest ambience with rainfall filtering through deciduous foliage.
RAINVege_FOREST-Dripping Trees Birds Midday_B00M_3DS17_2.0.wav	Soft rain and dripping trees heard throughout during midday. Various birds such as Jays and Crows call at times out a forest. Midday forest atmosphere with dripping trees and occasional bird calls.
RAINVege_FOREST-Heavy Drops Maple Midday_B00M_3DS17_2.0.wav	Increasing and decreasing rain falls on a deciduous forest at noon. Bird calls heard occasionally. Heavy rain impacts on maple leaves creating a dense, close range water texture.
RAINVege_FOREST-Pines Breeze Evening_B00M_3DS17_2.0.wav	A soft rain falls in a coniferous forest at dusk. Bird calls heard at times. Evening forest ambience with light breeze moving through pine trees.
RAINVege_LAKESIDE-Loons Diving Midday_B00M_3DS17_2.0.wav	A moderate rain falls near by a forest lake at noon. Loons are heard diving for food. Midday lakeside ambience with loons calling and water movement from diving activity.
RAINVege_LAKESIDE-Shimmer Loons Midday_B00M_3DS17_2.0.wav	A moderate rain falls near by a forest lake at noon. Rain drips and shimmers on water. A Loon chick is heard occasionally. Lakeside midday ambience with shimmering water surface and distant loon calls.
RAINVege_TUNDRA-Stones Rocks Evening_B00M_3DS17_2.0.wav	Moderate rain falls on a stony landscape in the evening hours. Evening tundra rainfall interacting with stones and rocky ground textures.
WATRDrip_CAVE-Aftermath Rock Fissure Close Morning_B00M_3DS17_2.0.wav	Water drips from a nearby stone cave after a heavy rainfall. Birds calling heard at times. Close range cave dripping from rock fissures in the morning aftermath of water flow.
WATRDrip_CAVE-Aftermath Rock Fissure Distant Midday_B00M_3DS17_2.0.wav	Water drips from a stone cave after a heavy rainfall. Birds call occasionally. A soft wind passing a distant forest is heard throughout. Distant cave drips from rock fissures with lingering moisture in the space.
WATRFall_RIVER-Large Cascade Close Evening_B00M_3DS17_2.0.wav	A huge waterfall pours on boulders at dusk. Close perspective large river cascade with heavy water impact in the evening.
WATRFall_RIVER-Large Cascade Distant Evening_B00M_3DS17_2.0.wav	A huge waterfall pours on boulders in the distance. Crackling forest debris heard throughout. Distant perspective of a large river cascade during the evening.
WATRFlow_RIVER-Big River Gradient Close Midday_B00M_3DS17_2.0.wav	A strong flowing river flows nearby in a forest at noon. Close range recording of a large river flowing over a gradient at midday.
WATRFlow_RIVER-Big River Gradient Distant Midday_B00M_3DS17_2.0.wav	A flowing river is heard from a forest in the distance. Various birds sing and call in the background. Distant perspective of a large river flowing over a gradient at midday.
WATRFlow_RIVER-Big River Gradient Moderat Midday V1_B00M_3DS17_2.0.wav	A strong flowing river flows nearby in a forest at noon. Bird calls heard at times. Moderate intensity river flow over a gradient at midday, recorded from mid distance.
WATRFlow_RIVER-Big River Gradient Moderat Midday V2_B00M_3DS17_2.0.wav	A flowing river is heard from a forest in the distance at noon. Moderate river current over a gradient at midday with sustained wide water movement.
