

FILENAME	DESCRIPTION
QP10 1213 Upwellings geothermal bubbles V1 5.0.wav	Mineral springs sputters and chirps with bubbles.
QP10 1214 Upwellings geothermal bubbles V2 5.0.wav	Mineral springs sputters and chirps with bubbles, close perspective.
QP10 1215 Upwellings geothermal bubbles V3 extended 5.0.wav	Mineral springs sputters and chirps with bubbles, close perspective, extended to allow rhythmic cycles to be detected.
QP10 1216 Upwellings geothermal bubbles rhythmic snaps clicks 5.0.wav	Fast paced mineral spring, bubbles and clicks sometimes trumpets, taps. Very musical.
QP10 1217 Upwellings geothermal bubbles churning 5.0.wav	Rapid boil with bubbles and thuds of churning action.
QP10 1218 Upwellings geothermal bubbles steam 5.0.wav	Bubbles are well spaced and slobbery with background geyser steam.
QP10 1219 Upwellings geothermal bubbles steam gurgles V1 5.0.wav	Gurgles in enclosed space with bubbles and background steam.
QP10 1220 Upwellings geothermal bubbles steam gurgles V2 5.0.wav	Bubbles thick with background geyser steam.
QP10 1221 Upwellings geothermal bubbles steam gurgles fast 5.0.wav	Boiling bubbles in shallow area.
QP10 1222 Upwellings geothermal bubbles steam fast splashy 5.0.wav	Bubbles rapid with fast micro splashes. Feels sloppy.
QP10 1223 Upwellings geothermal bubbles big simmering 5.0.wav	Big thick bubbles come to surface in isolation. Feels underwater.
QP10 1224 Upwellings geothermal gurgles burps 5.0.wav	Gurgles slow with occasional big belches. Background with geothermal activity produces soft roar.
QP10 1225 Upwellings geothermal chugging flowing steamy 5.0.wav	Chugging with soft steam and hot water.
QP10 1226 Upwellings geothermal chugging splashy surges 5.0.wav	Chugging with splashy surges. Sounds like sloppy fast eating of large animal.
QP10 1227 Upwellings geothermal boiling rumbling V1 5.0.wav	Smooth boil with bubbles and deep rumble. Sounds like witch's cauldron.
QP10 1228 Upwellings geothermal boiling rumbling V2 5.0.wav	Smooth boil with bubbles and deep rumble. Sounds like witch's cauldron. Faster than previous version.
QP10 1229 Upwellings geothermal thick splashes 5.0.wav	Thick large bubbles rise to surface with occasional deep thuds. Some bubbles loud and clear. Bird audible at times helps define large space. Soft roar of background geothermal activity.
QP10 1230 Upwellings geothermal thin squirts burps 5.0.wav	Geothermal burps, belches, squirts of water and mud. Background roar of other geothermal events.
QP10 1231 Upwellings geothermal surging splashes 5.0.wav	Splashing, surging hot water with deep rumble in background of other geothermal activity.
QP10 1232 Upwellings geothermal surging splashes big 5.0.wav	Large bubbles produce large, well defined, splashes. Deep roar in background of other geothermal activity.
QP10 1233 Upwellings geothermal splashy boil thin 5.0.wav	Splashy boiling water.
QP10 1234 Upwellings geothermal splashy boil thick 5.0.wav	Splashy boiling mud.
QP10 1235 Upwellings geothermal thick boil 5.0.wav	Thick mud boils with well defined ripples and some variation over time. Background geyser in distance.
QP10 1236 Upwellings geothermal deep resonant churning 5.0.wav	Deep throbbing and churning sounds. Almost hallucinogenic.
QP10 1237 Upwellings geothermal deep resonant churning strong 5.0.wav	Very deep throbs and churning fluids. Closer, stronger than previous.
QP10 1238 Upwellings geothermal guttural surges 5.0.wav	Enclosed space with large slow sloshing about to produce guttural sounds of Dragon's Mouth. Splashes in background.
QP10 1239 Upwellings geothermal fast chugging 5.0.wav	Fast chugging similar to speeding steam locomotive played back at slow speed.
QP10 1240 Upwellings geothermal fast chugging open flowing 5.0.wav	Chugging sounds of geothermal vent with flowing water.
QP10 1241 Upwellings geothermal hidden pressure 5.0.wav	Deep water pressure feels confined and occluded.
QP10 1242 Upwellings geothermal hissing steam vent 5.0.wav	Hot steam vent produces consistent hiss similar to rain downpour or medium sized tropical waterfall. Splashes evident in background.
QP10 1243 Upwellings geothermal ambience 5.0.wav	Ambience at night in geothermal area creates roar with deep frequencies. Faint tropical crickets in background with a few drips on lava.
